The information so provided is confidential information of Sioux. **1)** If the Agreement refers to technical, safety, quality, environmental or other regulations and/or to documents not attached to the Agreement, the Supplier shall be deemed to have knowledge of these unless it informs Sioux to the contrary in writing immediately. Invoices shall be submitted bearing the PO-number, as per the order placed, and itemized stating the item numbers. If in the opinion of Supplier the amendment has an effect on the agreed price or delivery period, the Supplier shall inform Sioux immediately in writing about the effect this additional work will have on its performance of the Agreement and propose a new price and delivery time. In the event of an increase of work Sioux shall issue an additional PO stating the new price and delivery, and Clause 2 applies. The Supplier shall not begin additional work before Sioux has issued the additional PO. If the parties cannot agree on a new price after Sioux has requested an amendment of the scope of the Agreement, then Sioux can revoke (part of) the PO or terminate the Agreement, and Sioux will then be obliged to reimburse the Supplier for the costs reasonably made by the Supplier up to rescission of the PO or termination of the Agreement.

The Supplier is not liable for non-conformity of the Goods or Services directly resulting from the specifications, direct instructions, or data, provided or required by Sioux. Each Party's total liability shall be limited to 200% of the fees to be paid by Sioux with a minimum of 50,000 Euro. Both parties accept liability for personal injury and death arising from their respective negligence, fraud or for any liability that cannot by law be excluded or limited. In no event shall Sioux be liable under any theory of liability (in contract or tort) for indirect, special, incidental, consequential or punitive damages which includes without limitation damages for loss of profits, revenues, business opportunities, goodwill, anticipated savings, or data, even if Sioux has been advised of the possibility of such damages.

12. In the event of a breach of warranty the Supplier shall, during the warranty period, repair or replace, at Sioux' discretion, the defective Goods free of charge. Sioux shall notify the Supplier of a warranty issue as soon as possible, and at least within 14 calendar days of discovery of the defect, in writing. Goods repaired or replaced within the warranty period, assume the remainder of the original warranty period, or are warranted for a 6 months period after repair or replacement respectively, whichever period is longer. Defects caused by unauthorized modifications, use or improper installation of the Goods by, or on behalf of Sioux shall not be considered a breach of warranty. The Supplier warrants that it performs Services using the duty of care as set out in article 3 and according to the description (including any completion criteria) stated in the PO. This provision shall not be construed as relieving either party from its obligation to pay any sum due to the other party.

15. Confidentiality The Supplier shall treat all information provided by or on behalf of Sioux under the Agreement as confidential information, insofar this information ought to be considered confidential by a reasonable person. The Supplier shall protect Sioux' confidential information with the same level of care with which it protects its own confidential information, but at least a reasonable level of care. The Supplier shall not be entitled to use the 'Sioux' name and logo, and/or the names of Sioux' customers in advertisements and other commercial publications without prior written permission of Sioux.

16. Export control If the delivery of a Service or Good is subject to the granting of an export or import license by a government and/or any governmental authority under any applicable law or regulation, or is otherwise restricted or prohibited due to export or import control laws or regulations, the Supplier shall inform Sioux as soon as reasonably possible (including but not limited to export control classifications numbers, export control licenses and/or commodity classification automated tracking system as applicable). The Supplier shall execute all required efforts to have such a license granted and may suspend only those of its obligations that are dependent upon the granting of such license, and only for the duration of such restriction or prohibition. Sioux at its option may terminate the Agreement, without incurring any liability towards the Supplier, if such license is not granted within a reasonable time.

The Agreement supersedes all previous agreements between Sioux and the Supplier, whether oral or written, regarding the subject matter hereof. There are no intended third party beneficiaries to the Agreement. Each Agreement may be executed in one or more counterparts (including scanned copies), all of which when signed and taken together constitute a single agreement between the parties.
